EXPLORING EMBROIDERY - SESSION 6

Further study.

Domestika: <https://www.domestika.org/en/courses/search/embroidery>

Lots of online arts and craft courses for low cost.

Stitch Club: https://stitchclub.textileartist.org/feed?post_login_redirect=https%3A%2F%2Fstitchclub.textileartist.org%2F2

This is a subscription based service (about £28 per month) provided by textile artist.com. They provide one new online recorded workshop per month, and they have a massive library of past workshops. Lots of very well known textile and stitch artists have recorded workshops for them, so it's a fabulous resource but only sign up if you have time to make use of it.

London Embroidery School: <https://londonembroideryschool.com>

Online and in person short courses. Tools and equipment.

Royal School of Needlework: <https://rsn.org.uk/pages/classes-courses>

Technical training in traditional techniques. In person (at Hampton Court Palace) or online.

School of Stitched Textiles: - <https://www.sofst.org/>

Online courses, including City and Guilds qualifications.

Needle 'n Thread: <https://www.needlenthread.com/>

Lots of free 'how to' videos, tips and techniques.

Also, check out individual artists websites as lots of them offer workshops.

Other useful websites

Curator Space: <https://www.curatorspace.com>

Free to join, this site has a great 'artists opportunities' list, including lots of call outs for exhibitions.

The Embroiderers' Guild - <https://embroiderersguild.com/>

Publishers of Embroidery Magazine (which I highly recommend), they also have a library of online talks by specialists.
